

Report of ATVSRG Meeting 18 September 2008

1. Update on the Pilot Assessment Project (PAP)

The PAP sub-group has been asked to propose a statement agreeing where criteria may be used. This will be included with the criteria.

2. Accreditation of Training Courses

A sub-group of ATVSRG is continuing its work to agree criteria for accreditation of training courses for approval by ATVSRG and to produce an accreditation process.

3. Grandparenting

ATVSRG are considering how applications for registration from teachers coming through non-accredited training routes can be handled.

4. Continuing Professional Development (CPD)

The CPD sub-group has produced draft proposals for CPD and is looking at other documents with a view to refining the proposals. It has also been asked to look at how CPD will be implemented. They are now considering a proposal by a member of the sub-group which builds on work previously done.

5. Differences in Teaching Style

Statements submitted by PAs on differences in teaching styles are being examined with a view to identifying sub-headings and finding commonality of content.

6. National Occupational Standards (NOS)

ATVSRG representatives are contributing to a Skills for Health review of NOS. Two meetings took place in September and two more are scheduled for November.
