

Report of ATVSRG Meeting 12 June 2008

1. Constitution of the ATVSRG

The ATVSRG constitution was adopted at this meeting.

2. Update on the Pilot Assessment Project (PAP)

The PAP sub-group has been asked to produce a final draft of its criteria. Proposals for an assessment procedure will be given further consideration when ATVSRG has completed its work on accreditation of training courses, grandparenting and CPD.

3. Accreditation of Training Courses

Professional Associations (PAs) have completed self assessments of their training courses against a set of criteria selected from those produced by Acupuncture group, and the Council of Registered Homeopaths.

ATVSRG is also looking at the accreditation procedures used by Nutritional Therapy and Massage Therapy with a view to producing procedures for the AT.

4. Grandparenting

ATVSRG has agreed that all existing teachers who are members of represented PAs should go onto the register, subject to differences between PAs being publicised on the ATVSRG website. Following on from this decision, made at the last meeting, PAs are producing their own definitions.

5. Continuing Professional Development (CPD)

The CPD sub-group has been asked to look at various documents relating to CPD and to report back to ATVSRG with their recommendations.
